

Open Position AI Researcher (d/f/m)

PLANET AI is a leading provider of cognitive systems for text and image recognition. The company is based in Rostock, Germany and offers the IDP platform IDA which leverages patented and award-winning technology to automate document capture, classification, and extraction.

We are currently seeking a talented individual (d/f/m) to fill our **AI Researcher** position.

Your main responsibilities in this role will be:

- You will design, implement, test and document state-of-the-art AI models to address real-world issues using modern Deep Learning frameworks.
- You will collaborate with small teams as well as work independently on projects, while benefiting from the support of experienced researchers.
- You will continually develop and enhance your knowledge by keeping up to date with the latest developments the DL/AI community.
- You will have the opportunity to publish your work in a scientific setting.
- You will demonstrate the scalability and effectiveness of developed methods on a large scale.
- As part of an agile research team, you will operate according to scrum concepts.
- Our technology stack: Python3, Java 8, Tensorflow, PyTorch, Keras, Ubuntu, IntelliJ, GitLab, Maven

You have the following skills and qualifications:

- Completed study program in information technology, mathematics, physics, or a comparable qualification
- 2+ years hands-on experience in machine learning
- Experience with Python as well as Tensorflow or PyTorch programming is beneficial
- Distinct capability for teamwork and communication
- Results-oriented work with a good balance between best practices and getting things done
- Interest in machine learning and enthusiasm for new topics
- Fluent in German and proficient in English (written and spoken)

**About you:**

- You possess an open-minded, communicative, and inquisitive nature.
- You have a passion for AI, creating AI-based solutions and resolving challenging issues.
- You possess a self-organized and cooperative approach to work.
- You appreciate a transparent, collaborative culture and are dedicated to it.

What we provide:

- Exciting and challenging tasks that come with ample room for creativity.
- Flexible working hours without the pressure of overtime, working from home by arrangement.
- Free lunch in our neighboring restaurant.
- Flat hierarchies and a culture that welcomes constructive criticism.
- A warm and inviting working atmosphere complemented by frequent team events.
- Ample exchange with our internal developer and research community.

If you are interested in this position, please submit your **application (including your CV and certificates)** with details of your earliest possible start date and salary expectations to **Jesper Kleinjohann** at jobs@planet-ai.de.
