

## Open Position Full-Stack Developer (d/f/m)

PLANET AI is a leading provider of cognitive systems for text and image recognition. The company is based in Rostock, Germany and offers the IDP platform IDA which leverages patented and award-winning technology to automate document capture, classification, and extraction.

We are currently seeking a talented individual (d/f/m) to fill our **Full-Stack Developer** position.

### Your tasks will be:

- You will be responsible for designing, implementing, testing and documenting software modules and web applications, as well as maintaining and developing existing solutions.
- You will be occupied with backend systems that must process large volumes of data in brief timeframes.
- You will work with the latest AI technology and prepare it for deployment products.
- As part of an agile development team, you will operate according to scrum concepts.
- Our technology stack: Java 8, JavaScript, TypeScript, HTML, React.js, REST APIs, GraphQL APIs, PostgreSQL, SQLite, MSSQL, JSON, GitLab, Maven, Docker, Ubuntu, Windows Server, IntelliJ

### You have the following skills and qualifications:

- Completed study program in information technology, mathematics, physics, or a comparable qualification
- Three to five years of experience as full-stack developer including Java
- Experience with database systems is beneficial
- Experience in UX/UI design is beneficial
- Distinct capability for teamwork and communication
- Results-oriented work with a good balance between best practices and getting things done
- Fluent in German and proficient in English (written and spoken)

### **About you:**

- You possess an open-minded, communicative, and inquisitive nature.
- You have a passion for AI, creating AI-based solutions and resolving challenging issues.
- You possess a self-organized and cooperative approach to work.
- You appreciate a transparent, collaborative culture and are dedicated to it.

### **What we provide:**

- Exciting and challenging tasks that come with ample room for creativity.
- Flexible working hours without the pressure of overtime, working from home by arrangement.
- Free lunch in our neighboring restaurant.
- Flat hierarchies and a culture that welcomes constructive criticism.
- A warm and inviting working atmosphere complemented by frequent team events.
- Ample exchange with our internal developer and research community.

If you are interested in this position, please submit your **application (including your CV and certificates)** with details of your earliest possible start date and salary expectations to **Jesper Kleinjohann** at [jobs@planet-ai.de](mailto:jobs@planet-ai.de).
