

Working Student Marketing with Focus on Design (d/m/w)

PLANET AI is a research-driven company that develops AI applications with human-inspired cognitive capabilities, enabling customers to unlock and process information from unstructured documents, automate data capture, and achieve the most accurate results.

We are currently seeking a talented individual to fill our **Marketing with Focus on Design Working Student (d/m/w) position.**

Your tasks will be:

- Fundamental revision of our corporate identity
- Design of product marketing collateral, e. g. case studies, datasheets, etc.
- Design of icons and illustrations for website, social media etc.
- Image research and editing
- Support with video editing and UX design
- Our technology stack includes. Adobe Creative Suite, Canva, Microsoft Office, WordPress, but we are open to new applications.

You have the following skills and qualifications:

- Studies in the field of media/communication/graphic design or a comparable qualification
- Confident with common Adobe Creative Suite applications (InDesign, Illustrator, Photoshop) or similar software
- Fluent in German and/or in English (written and spoken)
- Interest in implementing technically complex topics in a visually appealing way
- Self-organized and cooperative approach to work

What we offer you:

- Exciting and challenging tasks that come with ample room for creativity.
- Flexible working hours without the pressure of overtime, working from home by arrangement.
- Free lunch in our neighboring restaurant.
- Flat hierarchies and a culture that welcomes constructive criticism.
- A warm and inviting working atmosphere complemented by frequent team events.

- Ample exchange with our internal developer and research community.

If you are interested in this position, please submit your **application (including your CV and certificates)** with details of your earliest possible start date and salary expectations to **Johannes Emigholz** at johannes.emigholz@planet-ai.de.
